

TCAM to Panelmate Upgrade (CTI-5250-TI5)

If your TCAM (CTI-5250-TI5) has faded to the point where it's difficult to read, keypad is worn out, or failed, then it's time to switch to the new **state-of-the-art color Panelmate 1785K**. Not only does this latest screen emit an image that's **brighter** than your previous screen, but the full color display makes **reading the entire screen easier**. What's more, converting to a color Panelmate is **quick and seamless** so you don't have to deal with costly down time while you upgrade your Panelmate.
