Classes Offered

Basic Electrical

Basic Electrical Class: During the four (4) day course, the first two day hands-on course will help you understand electrical symbols, read electrical schematics, be able to use a test meter properly, quickly recognize areas at fault, and help you reduce your down time. The next two day course covers I/O components, input, output, analog, remote I/O, and flex I/O modules.

Basic Mechanical

Basic Mechanical 22/16/1600 Class: This five (5) day course covers instruction on safety, general hydraulics, pneumatics, and preventative maintenance. Students will get training on making machine adjustments, hydraulic and pneumatic settings, and more. This one week class is a must for all machine operators, plant maintenance personnel, and plant production managers.

Columbia Machine, Inc.

We manufacture machines for every aspect of concrete products production. Ruggedly built, precisely engineered, adaptable to any environment, our machines work as hard as you do to create valuable, profit-driven products year after year. It's how we've set the standard for over 80 years.
